1 Executive Summary

Q1 2026 marked a strong quarter with revenue growth of **34% year-over-year** and significant progress across all product lines. Key highlights include:

- Revenue reached **EUR 240K**, exceeding forecast by 12%
- Customer base grew to **84 active accounts** (+23% QoQ)
- Platform v2 launched with 99.97% uptime
- Team expanded to 12 full-time employees

This report contains forward-looking statements based on current expectations. Actual results may differ materially from those projected.

2 Financial Performance

2.1 Revenue Breakdown

Revenue Stream	Q1 2026	Q4 2025	Change
SaaS Subscriptions	EUR 162,000	EUR 134,000	+20.9%
API Usage Fees	EUR 48,000	EUR 38,000	+26.3%
Professional Services	EUR 21,000	EUR 17,500	+20.0%
Training	EUR 9,000	EUR 6,500	+38.5%
Total	EUR 240,000	EUR 196,000	+22.4%

2.2 Cost Structure

Operating expenses totaled EUR 189,000, resulting in an operating margin of **21.3%**, up from 18.7% in Q4 2025. Key cost drivers:

1. **Personnel** (62%) – team growth, competitive compensation adjustments
2. **Infrastructure** (18%) – cloud hosting, CDN, monitoring tools
3. **Sales & Marketing** (12%) – digital campaigns, conference sponsorships
4. **General & Administrative** (8%) – office, legal, insurance

3 Product Milestones

3.1 Platform v2

The flagship platform received a major update in February:

- Redesigned authentication system with OAuth 2.0 and JWT
- New webhook infrastructure supporting 50,000 events/second
- GraphQL endpoint alongside existing REST API
- 99.97% uptime (target: 99.95%)

3.2 Document Automation Tool

Internal document automation tool open-sourced in March:

- Markdown-to-PDF conversion with premium LaTeX typography
- Five built-in document styles
- Adopted by three partner organizations within first week

3.3 Analytics Dashboard

Real-time analytics dashboard entered beta:

- 200+ beta users across 45 organizations
- Sub-second query performance on datasets up to 10M rows
- Positive NPS score of 72 among beta participants

4 Customer Metrics

4.1 Acquisition

- **New customers:** 18 (Q4: 15, +20.0%)
- **Average deal size:** EUR 2,840/year (Q4: EUR 2,610, +8.8%)
- **Sales cycle:** 18 days average (Q4: 22 days)

4.2 Retention

- **Net Revenue Retention:** 118%
- **Gross Retention:** 94%
- **Churn rate:** 1.8% monthly

4.3 Customer Satisfaction

- **NPS:** 67 (industry average: 41)
- **Support ticket resolution:** 4.2 hours average
- **CSAT score:** 4.6/5.0

5 Strategic Outlook for Q2

5.1 Priorities

1. **Launch Analytics GA** – Target: April 15th. Focus on enterprise onboarding and documentation.
2. **Expand to new markets** – Hire regional sales team, localize marketing materials.
3. **Compliance certification** – Complete SOC 2 Type II audit by end of Q2. Critical for enterprise pipeline.
4. **Fundraising preparation** – Finalize data room, update financial model, begin investor outreach.

5.2 Revenue Target

Q2 2026 target: **EUR 285,000** (+18.8% QoQ), driven by:

- Analytics GA conversions from beta cohort
- Upsell campaigns for existing platform customers
- Two enterprise deals in advanced pipeline (combined ARR > EUR 20K)

5.3 Risks

- **Hiring pace** – Engineering talent market remains competitive
- **Enterprise sales cycle** – Compliance delays could push Q2 deals to Q3
- **Currency exposure** – Increasing USD-denominated costs with EUR revenue base
